

Obligations for NFP and MSP Fellowship Holders

Corresponding to NFP and MSP Grant Conditions version 27 March 2015

Netherlands Fellowship Programmes (NFP)

The Netherlands Fellowship Programmes (NFP) is a scheme initiated and fully funded by the Dutch Ministry of Foreign Affairs under the budget for Development Cooperation.

The overall aim of the NFP is to help alleviate qualitative and quantitative shortages of skilled manpower within a wide range of governmental, private and non-governmental organizations. This by offering fellowships to mid-career professionals to improve the capacity of their employing organizations. The need for training has to be evident within the context of an organization.

Middle East and North Africa Scholarship programme (MSP)

The Middle East and North Africa Scholarship Programme (MSP) offers scholarships to professionals from ten participating countries and is funded by the Dutch Ministry of Foreign Affairs.

The overall aim of the MSP is to contribute to the democratic transition in the participating countries. It also aims at building capacity within organisations by enabling employees to take part in diploma or other courses. While scholarships are awarded to individuals, the need for training must be demonstrated in the context of the organisation for which the applicant works. The training must help the organisation develop its capacity.

NFP and MSP fellowships

An NFP/MSP fellowship is intended to supplement the salary that the fellowship holder should continue to receive during the study period. The allowance is a contribution towards the costs of living, the costs of tuition fees, visa, travel, insurance and thesis research. If applicable, the fellowship holder is expected to cover the difference between the actual costs and the amount of the personal NFP and MSP allowances.

The fellowships are awarded in a very competitive selection to highly motivated professionals who are in a position to introduce the newly-acquired skills and knowledge into their employing organization.

Obligations for NFP and MSP fellowship holders
